

Summer Internships

National Institute of Standards and Technology (NIST)

Gaithersburg, MD (metropolitan Washington, D.C.)

summer undergraduate research fellowship

Thinking about a career in Science or Engineering?
Test the Waters this summer
Go SURFing at NIST

Spend your summer working elbow-to-elbow with researchers at the National Institute of Standards and Technology (NIST), one of the world's leading research organizations. The Summer Undergraduate Research Fellowship (SURF) program at NIST is a summer program where you can gain valuable hands-on experience, work with cutting-edge technology, meet peers, and sample the Washington, DC area all while getting paid!

Application deadline: *mid-February*
For more information and application materials:
